SUMMARY

A third-year Computer Science and Design student with a passion for creative problem-solving. Eager to contribute my technical skills and innovative thinking to real-world projects. I am an enthusiastic learner and am learning technologies like C, Python, HTML and also currently exploring the field of Web Development.

PROJECT

Working on a project called "Student Online Counselling Form" - A platform that aims to diverse need of students. This system aims to provide user-friendly interface for efficient student-teacher interactions. This initiative aims to redefine the counselling experience, efficiency and environmental consciousness in digital education environment.
